

Years Warranty*

ANSMANN Li-Ion battery 9V block type 400 (min. 340 mAh) 1pcs. paper blister

9V block Lithium-ion battery - 9 V / type 400 (min. 340 mAh) / 3,7 Wh - Type C charging - protected battery thanks to safety circuitry

Features

- High-quality ANSMANN lithium-ion battery 9V block with protective circuitry
- Stable voltage of 9 V over 100% of the runtime.
- Ideally suited for use in remote controls, microphones, measuring devices (multimeters), toys, watches, medical devices, etc.
- Integrated protective circuitry protects against overcharging, overload, short circuit and deep discharge
- Max. Continuous discharge current: 0,3 A
- Very low self-discharge and high energy efficiency
- Excellent price-performance ratio
- 2 years guarantee

Up to 1500 charging cycles

USB Type-C charging

Safety board inside

Low Self Discharge

Article number: 1315-0005
 Product content: 1x 9V block Li-Ion Rechargeable battery 400 mAh, USB-C charging cable

Specifications

Nominal voltage	9 V
Cell size	9V block
Cell chemistry	Lithium ion
Nominal capacity	400 mAh
Minimum capacity	340 mAh
Number of cells in packaging	1
Fast charging	Yes
Charging cycles	1500
Max. Continuous discharge current	0,3 A
Port	USB type C
Energy	3,7 Wh
Charging current USB	450 mA
suitable for	remote controls, microphones, measuring devices (multimeters), toys, watches, medical devices, etc.
Color	white / purple
Packaging	paper blister
Operating temperature	-20 - 60 °C
Storage temperature	-20 - 25 °C
